## THE CHURCH TIP

Joseph F. Smith is reported to have been advised that as Thompson cannot be defeated without depleting one or the other of the Mormon parties, he had better keep hands off and prepare a foxy explanation of the American party victory for the country.

It is said the point is made to the hierarchy that such a play would take the wind out of the American party sails, in as much as it would disprove the supreme power of the church in local politics.

The thing for the church to do, some are alleged to have advised Smith, is to bend its efforts for the election of Mormons and Jack-Mormons to the Council, and not to interfere with the laudible to Ezra Thompson.

That this plan is apparently agreed on is manifested by the effort to elect Hewlett in the First, Hartenstein and Tuddenham in the Fourth and Bowers in the Fifth.

Gentiles and Mormons who wish Salt Lake to boom through an announcement to the country that the American party Mayor and Council have carried the city, must not be persuaded to "trade off" the American party candidates for Council.

Let's not have a half victory. Make it complete. Vote to build up confidence in Salt Lake. It will be worth hundreds of dollars to every real estate owner in Salt Lake if the American party carries the Mayor and the Council. Vote straight and vote early.

NOT KILLED BY TRAIN

Coroner Satisfied wealthy Mrs. Todd Was Murdered.

NEW YORK, Nov. 3.—Coroner Scholer, following an autopsy on the body of Mrs. Margherita Todd, the rich woman who was found dead on the Reading railroad tracks near Philadelphia a week ago, today said that the woman could not possibly have been struck by a train. He said she could easily have been killed by some heavy weight falling on her while she was in the car, or by pressure of a knife. The autopsy showed that ribs had been fractured, together with the breastbone. Her clothing, the coroner said, was smooth and neat. Had a train struck her, the coroner said, the clothing, of course, would have been disarranged and torn.

## WOMEN PLEDGE LARGE SUM

Foreign Missionary Society Has an Enthusiastic Meeting.

NEW YORK, Nov. 3.—Having pledged itself to raise \$462,779 the coming year, the executive committee of the Woman's Foreign Missionary society of the Methodist Episcopal church brought its thirty-sixth annual session to a close yesterday with a service of song and prayer.

It was a stirring moment when, late in the afternoon, the secretary of one branch after another arose and announced what her branch would give. The figures, barring some thank-offerings, were as follows:

New England, \$4,836; New York, \$84,569; Philadelphia, \$56,500; Baltimore, \$18,000; Cincinnati, \$66,373; Northwest, \$123,000; Des Moines, \$58,000; Minneapolis, \$12,230; Toledo, \$31,000; Pacific, \$19,690; Columbia River, \$5,000.

One thousand dollars had already been pledged to the new school building in Peking, and \$100 from the children.

Much miscellaneous business was pushed through. The need of organizing industrial work in the foreign field was brought forward by Miss Moss of Kansas City, who moved the organization of a committee to determine where industrial schools could be used and the character of the work, also to manage its disposal.

Fire Destroys Cannery.

SALEM, Ore., Nov. 3.—Shortly before last midnight fire which started in the vicinity of the dry kiln of the Salem Cannery company, and spread to the warehouse of the Oregon Nursery company, destroyed the entire plant of the former, including the stock of canned goods. The fire was placed under control at 1:30 a. m. The origin of the conflagration is a mystery. Loss to cannery, \$5,000; to the nursery, \$10,000, partially insured.

Crackmen Still at Work.

WASHINGTON, Ind., Nov. 3.—Four crackmen, believed to be the same men who robbed the bank at Sanborn Wednesday night, visited the Odeon bank, fifteen miles east of Sanborn, last night and were only frustrated in securing \$600 in cash by the nitro-glycerine blowing loose the bottom of the safe before the doors were forced open. Jacob Hodge, who was passing the bank while the crackmen were at work, was bound and gagged by them.

You'll Know

When you get the grip, but you won't know how it happened—no one does.

You won't care. You will be too miserable. But you will be intensely interested in how to get rid of it.

How to stop these colds and chills from coming up and down the spine, the incessant pain in the joints and back, lameness, coughing fits, sneezing, discharge from the eyes and nose, muscular pains, and that brain-racking headache.

The best treatment known for this dreadful affliction is

DR. MILES' NERVINE

Dr. Miles' Nervine cures by building up the nervous system, and destroying the germs which poison the blood. If taken when first symptoms appear it is almost a sure preventive.

I suffered several weeks with Grip, and nothing I took seemed to help me. I suffered almost death, until I tried Dr. Miles' Nervine. From the first dose I felt better. It relieved my misery and pain, and gave me an appetite and in a few days I had fully recovered.—MRS. GEO. E. HALL, 149 Lee street, Jackson, Tenn.

The first bottle will benefit. If you, the druggist will return your money.

The rooms were bright with many yellow chrysanthemums, the score and tally cards being hand-decorated with girls' heads. Prizes were awarded to Mrs. Charles Crane and Miss Thuman. ## STAVE OFF TARIFF WAR

German Ambassador Will Present Basis for New Treaty.

WASHINGTON, Nov. 3.—Baron Speck von Sternberg, the German Ambassador, is expected to present in a few days to the State department the basis on which his Government is willing to enter the negotiations with the United States Government for a new trade treaty or some kind of an arrangement that will stave off the dreaded "tariff war," which otherwise the department officials fear must certainly begin within four months.

Doesn't Admit Arrangement.

The State department has so far failed to admit the German contention regarding the "arrangement" under section 3 of the Dingley act, by the terms of which the United States secures favored nation treatment in the matter of trade with Germany.

This German view was based on the fact that new treaties, exclusive in terms, had just been made with a number of European countries and that America was debared from claiming the benefits of the special low customs rates named unless she entered into a special convention with Germany.

One Month's Notice.

But attention has now been called to the fact that this Dingley act "arrangement" is by its own terms terminable upon one month's notice from either party and it is not doubted that without prolonging the controversy over the effect upon the vitality of the Dingley act "arrangement" of the European treaties, Germany will give the requisite month's notice before March 1 next and thus terminate the life of the arrangement beyond question.

Propose New Arrangement.

Nothing is officially known as to the substance of Baron Sternberg's proposals. He may propose a new arrangement under section 3 of the Dingley act, replacing the paragraph in the existing arrangement conferring minimum tariff rates upon American imports by a new section limiting the minimum to a few articles of American origin.

Fifteen Jewish Stores Burned.

ROMMY, Russia, Nov. 3.—During the pillage of the Jewish stores which lasted until yesterday morning fifteen stores were burned to the ground and many more were sacked. The rioting began when a crowd killed a rich merchant for refusing to take off his hat to a red flag. Many persons were killed.

Sultan in Tight Place.

PARIS, Nov. 3.—The exchanges of communications going on between the powers have reached a stage where a joint naval demonstration against Turkey is practically assured unless the Sultan promptly accepts the plan of the powers for financial reforms in Macedonia.

Fire Routs Hotel Guests.

MAUCHUNK, Pa., Nov. 3.—Fire which broke out in the American house today partly destroyed that structure. Guests were compelled to flee in their night clothing and lost all their personal effects. Loss \$26,000.
